## JM Bituminous Cool Roof Product Changes

Due to decreased demand, we will be discontinuing the factory-coated cool roof (CR) bituminous product line. Effective May 2, we will no longer accept new orders for the CR products listed below. All existing orders with a confirmed delivery window after May 31, 2022 cannot be filled, and your account specialist will work with you to convert orders to acceptable products such as the cool roof granulated (CR G) products, or JM's acrylic coating offerings, to meet your reflective roofing needs.

### The following SKUs will be discontinued:
