## Temporary Changes to JM Fastener Packaging

As part of the ongoing efforts to reliably supply JM materials to our customers through this period of supply chain challenges and elevated demand, JM is temporarily utilizing non-traditional cardboard boxes in lieu of plastic containers for some fastener products due to supply constraints associated with the standard plastic pails.

The below photo indicates the alternate cardboard box packaging on the left and the traditional plastic container packaging on the right.

This temporary package solution may be utilized for the following JM materials:

<a href="#">High Load Phillips 2" 1000/Box</a>	70000189
<a href="#">High Load Phillips 3" 1000/Box</a>	70000190
<a href="#">High Load Phillips 4" 1000/Box</a>	70000113
<a href="#">UltraFast Phillips 2-1/4" 1000/Bx</a>	70000148
<a href="#">UltraFast Phillips 3" 1000/Bx</a>	70002653
<a href="#">UltraFast Phillips 4" 1000/Bx</a>	70002660
<a href="#">UltraFast Phillips 5" 1000/Bx</a>	70000153

<a href="#">AP Phillips 1.25" 1000/Box</a>	70000749
<a href="#">AP Phillips 1.75" 1000/Box</a>	70000747
<a href="#">AP Phillips 2" 1000/Box</a>	70000106
<a href="#">AP Phillips 3" 1000/Box</a>	70000107
<a href="#">AP Phillips 4" 1000/Box</a>	70000108
<a href="#">AP Phillips 5" 500/Box</a>	70000109
<a href="#">AP Phillips 6" 500/Box</a>	70000110

Please rely on label information and not package/container type when receiving into inventory or utilizing on a job. The piece counts per box and per pallet, for these various materials, are identical between the two packaging types.

Thank you for your continued business and support of JM products. Please contact your JM Representative with any questions.
