Temporary Packaging Changes to JM TPO Membrane Cleaner

To continue to supply our customers as supply chain challenges interrupt the industry, JM will be utilizing a temporary replacement pail for TPO Membrane Cleaner. This pail will be grey versus the standard white pail. Both pails feature a pour spout.

The below photo showcases these different pails.

This change affects SKU 70005184 JM TPO Membrane Cleaner 5 Gallon.

Please rely on label information and not package/container color when receiving into inventory or utilizing on a job. The volume in each pail is identical and the same label will be used.

Thank you for your continued support of JM.
