## RoofTech Xpert App Updated for Android Use

At Johns Manville, we understand easy access to information is key when you are on a roof. The **JM RoofTech Xpert** app provides precise adhesive flash off data when you need it, where you need it. Additionally, you can contact your local Technical Representative, access training videos and reference information to solve common installation questions.

Download the updated JM RoofTech Xpert App today. **Available on both iPhone and Android!**
